ALU PANELS

FibroTech Alu Panels are façade cladding panels made of aluminium with a durable powder-coated surface.

Particularly suitable for outdoor applications. The panel has been tested for UV exposure and weather resistance (1,000 hours) and shows no visible damage and a stable surface within the test limits.

FibroTech Alu Panels are available in 4 colours: Black, Copper, Hardwood, Light Oak. The panels can advantageously be installed using our accessories range and screws.
